CHARLES CARTER, JR. ELECTED INTERNATIONAL JAYCEE DIRECTOR

Charles E. Carter was elected international director of the Mississippi Junior Chamber of Commerce at their convention in Vicksburg Sunday.

The three day session of entertainment and politicking reached its climax Sunday noon with the election of J. C. McDonald of Kosciusko as president. Tom Logue, local candidate, who with Enoch Case was defeated for the office ran a good race.

Bay St. Louis Jaycees again took top honors with their enviable record of leadership. The local group reached 1,000 points on the state score board and tied for first place.

It was reported more "Blue Ribbon" Jaycees came from the Bay Club than from any other in the state. For the second consecutive year, Bay St. Louis Jaycees won the "Man-a-mile award, which is a traveling plaque given to the club having the largest number of members present from the furthest distance. Twenty-nine local Jaycees and Jayettes attended, covering 450 miles to and from the convention.

They also won first place in the division for community leadership and safety programs; second place in internal development; second in public relations and were presented a new plaque for having the highest percentage in membership increase over the quota for the past year. With an increase of 140 percent, the Bay St. Louis Jaycees became the third largest club in the state.

Delegates voted to hold the 1964 convention in Jackson, and with the added support of the local Jaycees, Gulfport, was selected as the convention site for 1965.

GERALD V. PRICE, JR. CANDIDATE FOR OFFICE SHERIFF AND TAX-COLLECTOR

The Hancock County Eagle is hereby authorized to announce the candidacy of Gerald V. Price, Jr., for the office of Sheriff and Tax-Collector of Hancock County in the forthcoming Democratic Primary election in August.

Mr. Price's statement to the voters of Hancock County follows: To the citizens and taxpayers of Hancock County, Mississippi.

After serious consideration, have decided to seek the office of Sheriff and Tax-Collector of Hancock County, and therefore wish to publicly announce my candidacy for the nomination for this office, subject to the will of the voters in the Democrat Primary, to be held in August of this year.

I am 39 years old, a lifelong resident of Hancock County, being the son of Gerald V. Price Sr., and the former Lillian L. Sylvester. I am married to the former Amelia Chadwick, and we together with our children Charlotte, age 15, and "Rusty" (Gerald III) age 11, reside at 434 Jefferson Davis, in the town of Waveland.

My education was obtained in Hancock County Schools, with graduation from Bay St. Louis High School in 1943. Immediately after graduation, I enlisted in the U. S. Navy, where I served for 36 months, 30 of them being in the Pacific. In addition to being a member of the Veterans of Foreign Wars and the American Legion, I am a member of the Mississippi Tennessee Police Association, The National Sheriff's Association and a member of other local organizations.

The growth of the coastal area in the last few years has caused an increase of criminal activity all along the Coast. The future growth will cause an even greater strain upon the law enforcement capacities of all cities and counties of the coast. For this reason the greatest need for the next four years will be aggressive, determined and impartial law enforcement.

Let Contract For MTO Harbor Dredging

PLAN LELAND MITCHELL DAY

A \$668,340 contract has been awarded to T. L. James and Company, Inc., of Ruston, Louisiana, for dredging a large harbor to serve the new Mississippi Test Operations facilities being constructed in south Mississippi for the George C. Marshall Space Flight Center, according to an announcement made by Colonel D. A. Raymond, U. S. Army District Engineer at Mobile, Alabama.

The firm will dredge an access channel from East Pearl River into the southwest corner of the newly acquired Government reservation and dig a harbor in a "previously undisturbed area. The channel will be about a mile long and will have a bottom width of 150 feet and a depth of 13 feet plus 1 foot of overdepth allowed to take care of inaccuracies in the dredging process. The harbor will be about 2,000 feet long and 400 feet wide and will have the same depth as the channel.

Work is expected to begin shortly and to be completed early in January 1964.

The Corps of Engineers sent advance notices soliciting bids on this job to 883 contractors and material suppliers, furnished plans and specifications on request to 53 prime contractors and 7 subcontractors and material suppliers and received 5 bids from prime contractors.

GULFPORT, Miss. - A two day meeting among construction contractors and union representatives organizations which are likely to be involved in the construction of NASA's Mississippi Test Operations - ended today with agreement to resume discussions May 22 in New Orleans, La.

The purpose of the unusual "preventive" labor relations conference was to seek a three-year "no strike" agreement among the many interested parties.

About 105 persons attended the NASA-sponsored conference, the first such meeting sponsored by the government in advance of the start of construction contracts.

Paul Styles, Industrial Relations Officer at NASA's Marshall Space Flight Center of which MTO is a part, said following the final session.

"While no definite agreement was reached, the conference developed a firm basis for future negotiations between the unions and the contractors. The committees will meet again in New Orleans May 22."

The AF of L-CIO Building and Construction Trades Department and builders associations and firms and approximately equal representation.

The purpose of the session was to work out agreements on wages, hours, and working conditions which are to prevail during the construction of the multi-million dollar MTO at which NASA's Saturn rocket engines and stages will be ground tested.

The meeting was held at the request of the President's Missile Site Labor Committee.

STENNIS OPPOSED TO MAIL SERVICE REDUCTION

Senator John Stennis was on record in strong opposition to further reductions of essential mail service.

Stennis, a member of the Senate Appropriations Committee, said in response to Postmaster General J. Edward Day's suggestion of further cuts in mail service, "Our essential mail service has already been gradually curtailed through the years, and I am not in favor of further cuts."

To back up his position, Stennis voted with other members of the Senate Appropriations Committee to restore a part of funds which the House had earlier voted to slash from the Post Office budget for the next fiscal year beginning July 1.

Stennis said, "I favor restoration of sufficient funds to keep the Bureau of Operations of the Post Office Department in business. I do not favor giving the Post Office more money than it needs, but I am against a threatened stoppage of Saturday mail service."

Stennis quoted Postmaster General Day as telling a Senate Committee that unless the House re-

her parents, Mr. and Mrs. John C. Chevis. She will be joined later by her husband.

Miss Inez Favre, who was a patient in Hancock General Hospital last week, was discharged Monday and is recuperating at her home.

Labor, facilities, equipment and services for the new program, designed to insure the dependability of future Saturn I flight boosters, will be furnished by Chrysler under Marshall Center supervision. A similar program in operation at Marshall has been credited with contributing to the success of all four Saturn I first stages launched to date.

Huntsville, Ala. - Bids for the construction of an instrument laboratory building - part of a \$2 million project - which will be used in designing and developing measuring instrumentation for Saturn booster test stands have been requested by the NASA-Marshall Space Flight Center.

A construction contractor will be selected in June and construction will be completed in about a year according to plans. Estimated cost of the building and equipment is approximately \$1,900,000.

The laboratory building, an addition to an existing Test Division building (4650), will be a single-story ell-shaped wing adjoining a high-bay structure.

YOUTHFUL CHATTER

BY TONI BLAIZE

Are we unlawful? That may seem a droll subject to present at this time, but history was made in our Community on May 1st, more commonly known as May Day. Also the day on which the Communist dictators celebrate, display, and demonstrate these type of law, which is mere physical strength by the parading of tanks, jets, missiles and troops dressed in battle array of armor.

A group of attorneys in our immediate area met and organized the first Hancock County Bar Association. One of the very first projects of this newly formed organization was to celebrate Law Day, Wednesday, May 1st. This was done by each of our schools in the county being visited by an attorney who gave a speech on law U. S. A. style in contrast to the Russian style.

In 1952 President Eisenhower declared through an Act of Congress that May 1st would be set aside and observed as Law Day, a sort of antidote against the awful, cruel communist propaganda that will gradually infiltrate our country if we do not work together and hold together one of the great principles our country symbolizes. This can only be accomplished by law.

I personally have heard many express the idea that the only reason a lawyer was coming to address the student body was in order to drum up future colleagues for his personal profession and that he was just wasting his time because he or she was not interested in fighting through a case in a court room, bailing criminals out of jail, or even being a "fuzz" in a cop car cruising around being a killjoy. If these were your attitudes toward the whole idea of the project which was undertaken in honor of Law Day, a day, I am sure, many of us didn't know existed or for that matter declared by an Act of Congress to be observed annually.

I hope the representative of the legal profession who addressed your student body impressed a couple of major facts. One of which, law is not only a professional occupation, but a principal and way of life, you might even say a sort of virtue which should be infused in us no matter what our vocation is turned toward.

If there were more cooperation in the observance of law, there would be fewer prisons, reformatories, juvenile halls and other criminal institutions. These types of institutions are on the increase instead of decreasing in number. Were it not for a sense of lawfully justice toward us as human beings in some of our citizens it would not be possible for you to walk down the streets of our community in the day time, much less the night.

People can not exist without law, and on the other hand, law has no real existence without people - you working with the people for the people. Let's just not help law to exist but to make it live - live in the hearts of men as a weapon to wipe out the idea list attitude that law is just physical strength. Law in a sense is the complete cooperation of all the people for the human good of all mankind.

Let's make this minority a complete majority by showing what is just one of the things in our makeup - a lawful sense for the good of all, not just three - me myself and I. Everyone has it in him, we just have to let it exceed us a little. Remember always, that action speaks louder than words.

In the building. Some 15,000 square feet of floor space will be added by the 88 by 166-foot addition.

Equipment in the high-bay area will include a 50,000 pound dead weight tester; 1.5 million pound load cell calibration equipment; an environmental test chamber which will subject pressure transducers to extremes of minus 100 to plus 500 degrees Fahrenheit at stimulated altitudes up to 150,000 feet; and a high capacity liquid flow calibration system.

A dead silence "anechoic chamber" used in calibrating microphones will be housed in one of the division's acoustic laboratories. The architect-engineering firm for the building is Jackson-Moreland Inc., Boston, Mass.

CONFEDERACY WOMEN BEING HONORED IN '63

The call to battle rang across the land one hundred years ago and the men of the nation marched to the martial drums of war. Their women stayed behind and, often single-handed, planted the crops in the springtime, worked untiringly in the summer sun and then reaped their results in the fall so that the business of everyday living was conducted in spite of the war that left a nation wounded and bleeding from four years of civil strife.

This year the women of the Civil War will be honored in Mississippi as towns over the state prepare to pay tribute to the women who kept the homefires burning. Features of the Civil War Centennial observance include a premiere production of "The Grey Heron" at Mississippi College in Clinton, Fort Gibson's commemoration of the Battle of Port Gibson, out-of-state historical speakers at Raymond, and Vicksburg's four-day observance of the centennial.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Memories in the Making

A picture . . . a frame . . . to treasure always. So she believes!

The fleeting baby smile, the outgrown pair of baby shoes—these she'll always treasure.

But in later years not every mother can point with pride to her son's baby picture. Memories sometimes become tarnished with remorse.

So much depends on us.

If we hope always to treasure our glimpse of yesterday . . . we must carve with spiritual tools our vision of tomorrow.

Kantcha Ketchum

Missed last week's issue of Kantcha Ketchum because we were homeward bound and reached the Bay Saturday night and thought of the old adage, "There's no place like home," after five weeks away and glad to know that fishing has improved, both fresh water and salt water. Green trout and perch are being caught just every where while specks and red fish are being caught at the mouth of Pearl River and at Little Grassy Isle.

Boy Scouts would have a picnic with snake hunting up there.

Speaking of scouts, met L. E. Tinker in Stillwater, Oklahoma who has been a scout master for 30 years, and has a troop of 70 boys, with two assistants, Major Gahon and George Baroles. Attended a meeting of the scouts and spoke to the boys. "Tink" is a wonderful guy and doing a good job. It proves you are never too old to be a good scout. Looking for that visit with us Tink.

Another interesting fellow is Ross Tucker of Dallas, Texas who travels down to Arabi, Louisiana to purchase cow hides for the people who make Buster Brown shoes. Ross does a lot of fishing down this way with his buddies, Basil Camille, Arthur and Emmett Guillot at Arabi. Ross says they are real Cajuns and do a lot of fishing and camping and that their Creole cooking can't be beat. Will be looking for that trip with us Ross.

Louisiana fishing licenses for 1963 have been mailed to the various sheriff's offices throughout the state. L. D. Young Jr., director of the Wild Life and Fisheries Commission announced Friday.

Although the current season's fishing licenses will expire June 30, the new license for 1963-64, which is on a fiscal basis, is now available.

However, fishermen are cautioned to retain their present license until it expires. The 1963-64 license becomes valid July 1.

Mississippi fishermen who fish in La., waters had better renew their La., licenses also.

BOSTON (UPI) - Something new in retail trade promotion - a women's wrestling match and free goldfish for the kiddies will be tried by a discount store.

In the store's parking lot, Betty Boucher of Quebec vs. Gloria Steward of Nashville, Tenn., will be on the wrestling card. And

Will have more on soft crabbing and floundering next week. Will be after them from now on.

Speaking of fishing licenses, don't forget Mississippi licenses will expire on June 30. Just as good to get them in advance.

every child accompanied by an adult will be given two goldfish. You can't eat the goldfish, but you can enjoy raising them. They also make good bait for fresh water fishing. What next?

Tony Enterante, Sr., and fishing partner, Bill, caught some nice specks and red fish at Leeville over in Louisiana Saturday. Tony and Bill fish regularly and say fishing at Leeville is hard to beat most any old time.

Nolan Ladner, our local Game Warden loves his fly fishing too as well as doing a good job. Nolan's only enemies are those big horse flies and mosquitoes. He says they love him. Better get a diving suit Nolan to keep them off. He caught some nice fish his last time out.

Don't forget if you like to go frogging you must have a fishing license to get those delicious eating frog legs.

With so many rainless days frogs can be caught on bayou banks and in ponds and lakes where they get water and feed at night.

With local candidates busy before the coming election in August don't see many out fishing just now. It's just as hard to get voters as catching fish. You'll have time later, fellows.

Glad to hear that Chas. Phillips was down from Jonesville, La., recently. Sorry to have missed you Charles. Take care of the canoe and enjoy it.

Will have more on soft crabbing and floundering next week. Will be after them from now on.

HANCOCK COUNTY CONTRIBUTED NEARLY \$1500 TO MD

Mississippians have again demonstrated their concern for children hit by three major crippling ailments, birth defects and polio. Dr. A. L. Gray, State Health Officer and state chairman for the January March of Dimes announced that contributions to fight these crippling are expected to total approximately \$300,000 for the state. Owen Cooper, Yazoo City, is Associate Chairman.

The state leaders in announcing the results, paid tribute to local volunteers "for their hard work and tireless efforts." They also thanked all citizens in the county who contributed to this important fund appeal.

"In 25 years," Dr. Gray said, "March of Dimes-financed research developed both the Salk and Sabin vaccines which have markedly reduced polio as a threat to our population. I wish we could foresee a lessening in incidence of both birth defects and arthritis but the facts indicate just the opposite," Dr. Gray stated.

An estimated 250,000 infants are born with significant birth defects each year in this country and at least 42,000 children are among the 11 million Americans suffering from arthritis or rheumatic diseases.

"The 'know how' acquired by The National Foundation in bringing polio under control is now making good progress in combating birth defects and arthritis," said Mr. Cooper. "Research is the key to this fight," he stated, pointing out that the Salk Institute being established with March of Dimes support in San Diego, California, offers great promise. The Institute will be directed by

Dr. Jonas Salk, developer of the Salk vaccine.

March of Dimes funds are used locally by the county chapter of The National Foundation to provide aid for treatment of children with crippling arthritis, birth defects and polio and by National Headquarters to support medical scientific research, including the Salk Institute. Chapters with sufficient funds may also offer scholarships for training in the health professions. Seventy-five per cent of total March of Dimes contributions in Mississippi since The National Foundation was founded in 1938 has been used locally by county chapters.

Mrs. Theo Tudury of Bay St. Louis is Chairman of the Hancock County Chapter of The National Foundation.

LEGAL NOTICE

STATE OF MISSISSIPPI

COUNTY OF HANCOCK

To: Mrs. C. C. Dedeaux, a non-resident of the State of Mississippi, whose post office address is unknown after diligent search and inquiry, but whose last known Street address is as follows: Mrs. C. C. Dedeaux 2838 Napoleon Avenue New Orleans, Louisiana

MUST REGISTER WITHIN FIVE DAYS OF 18TH BIRTHDAY

Generally, every man is required to register under the draft law within five days after his 18th birthday. He may register at any local board office, but he should be certain to give his home address, for that will determine the local board which will always have his records and which will deal with his case.

If a man is on active duty with the Armed Forces on his 18th birthday, he need not register at that time. Men on active duty must register within 30 days after they leave the service.

Aliens born after September 15, 1925, with a few specified exceptions, must also register within six months after entering the United States or at age 18, whichever is later.

Any person who at age 18 is not required to register must, however, register when his status changes.

Failure to register, like failure to comply with other provisions of the law, may subject men to prosecution, or to induction out of turn and ahead of other men.

After he registers, each man is required by law to keep his local board informed of any change in his address, or any change in his personal situation which might affect his liability to serve.

My Commission Expires at death Before the County Board of Supervisors of Hancock County, Bay St. Louis, Mississippi Supplemental Petition of Industrial Electric, Inc., Enameling Division for Exemption From Ad Valorem Taxation

The supplemental and amended petition of Industrial Electric, Inc., to the petition filed for exemption from Ad Valorem Taxation with respect represents that:

1. Petitioner desires to have leave to amend its said original petition filed on the 18th day of December, in the year 1962, in that there should be added to Section 4, on page 2 of the original petition, the following: "all as amended in Senate Bill 1506, Chapter 7, Extra Session 1961, amending Section 9703 of the statutes of the State of Mississippi";

2. Petitioner further desires to have leave to amend number 2 in the prayer on page 3 of the original petition, in that "five years beginning" should read "ten years beginning" and further "ending on the 19th day of February 1967," should read "ending on the 19th day of February 1972";

3. Petitioner re-affirms all of the allegations set forth in the original petition, except as changed herein.

Wherefore, petitioner prays that it may have leave to file this amended and supplemental petition.

1. That this Board enter a finding of fact that applicant's factory is in fact a new enterprise of public utility within the meaning of the applicable laws of Mississippi; and

2. Be granted an exemption from all ad valorem taxation, except State ad valorem taxation, as provided by law for a period of ten years beginning on the 19th day of February, 1962 and ending on the 19th day of February, 1972, upon all of the hereinbefore described tangible property, used in, or necessary to, the operation of applicant's factory in Bay St. Louis, Hancock County, Mississippi; and

3. That this Board approve the original application and the supplemental and amended petition by an order or resolution passed upon its minutes declaring that such property is exempt from all ad valorem taxation, except State ad valorem taxation, the date when such exemption begins and expires, and a description of the exempt property;

4. That the original of the application and this supplemental and amended application and a certified transcript of the order of approval be forwarded to the Mississippi Agricultural and Industrial Board according to law and if said Board certifies to this Board that applicant is eligible for the exemption claimed, that this Board enter upon its minutes a copy of such certificate and declare the exemption hereby claimed, finally passed and approved, and thereupon that a copy of this application, together with the order approving the same be recorded by the Clerk of this Board in a book kept in his office for that purpose and that a copy of this application and order approving the same be filed with the Chairman of the State Tax Commission and also with the State Auditor of Public Accounts.

Respectfully submitted, this the 13th day of December, 1962.

ORDER

Upon motion of Supervisor Frierson duly seconded by Supervisor Dean that the Petition of Industrial Electric, Inc., Enameling Division for the exemption from Ad Valorem Taxation, except State Ad Valorem Taxation as provided by Law, for ten (10) years beginning on the 19th day of February, 1962 and ending on the 19th day of February, 1972, be and the same is hereby accepted on the following tangible property, to-wit:

Sheet Metal fabricating equipment of the true value of \$92,100.00.

Pickling equipment of the true value of \$28,200.00.

Processing equipment of the true value of \$46,000.00.

Panel assembly equipment of the true value of \$7,000.00.

Other equipment necessary to the manufacture of above named products of the true value of \$7,140.00.

TOTAL TRUE VALUE OF TANGIBLE PROPERTY \$184,414.00.

The motion for the acceptance of the above was unanimously adopted by the Board of Supervisors of Hancock County, Mississippi.

PETITION E. R. RINEHART

STATE OF MISSISSIPPI

COUNTY OF HANCOCK

To the Honorable Board of Supervisors of Hancock County, Mississippi:

PETITION REQUESTING TEN-YEAR EXEMPTION FROM AD VALOREM TAXES FOR MOTEL PURPOSES.

Now comes E. R. Rinehart and wife, Marguerite Rinehart, and file this petition with the Board of Supervisors of Hancock County, Mississippi, and would show the following facts, to-wit:

1. That they have constructed seventeen (17) motel units on the following described property located in Hancock County, Mississippi, to-wit:

Beginning at a corner fence post on the South line of the R. O. W. of U. S. Highway No. 90 where the West line of the SW 1/4 of the SE 1/4, Section 32, Township 8 South, Range 14 West intersects same, thence South 88° 00' East 547 feet along the South line of aforesaid R. O. W. to an iron stake; thence South 12° 40' West 555 feet to an iron pipe; thence West along an old fence line 423 feet, more or less, to the West line of the SW 1/4 of the SE 1/4, thence North 563 feet along a fence line to the place of beginning; said land containing 6.2/10 acres, more or less, and being part of the SW 1/4 of Section 32, Township 8 South, Range 14 West, Hancock County, Mississippi.

2. Under Section 9703 of the Mississippi Code of 1942 and all amendments thereto, the Board of Supervisors are empowered, in their discretion, to grant exemption from ad valorem taxation on all tangible property used in or necessary to the operation of new enterprises, such as motels, hotels, or both.

3. Petitioners would show that the motel units have just been constructed on the hereinabove described property, and therefore, a new enterprise for Hancock County, Mississippi, and Petitioners feel that they should be granted a tax exemption for a period

of ten (10) years as authorized by law.

4. The 17 motel units, together with all furniture and fixtures, were completed on the hereinabove described property on or about the 20th day of December, 1962, at a cost of approximately \$50,000.00.

Wherefore, Petitioners pray that this Petition be received and filed, and upon a hearing hereof, this Honorable Board of Supervisors will grant unto Petitioners herein a ten-year exemption from ad valorem taxation on the motel units constructed on the hereinabove described property.

MARITIME OFFICIAL ADDRESSES CLASS AT NORTH CENTRAL

Captain Peder Gald, Academy Training Representative of the United States Maritime Service, told the students at Hancock North Central School that completion of high school was a prerequisite for most of the jobs today.

He talked of the many services performed by the Merchant Marine in transporting goods and people and also of the invaluable services rendered during times of war.

He also pointed out that the state of Mississippi has a quota of 5 students who can be sent to the U. S. Merchant Marine Academy at Kings Point, N. Y., each year. So far, Miss. has not filled its quota. Students aspiring for appointment should have in their background real strength in Mathematics, Physics, Chemistry, and English. In English they should have four full years with good grades in the communication skills, reading, writing, and speaking. They should cultivate the habit of reading widely stimulating and imaginative works in the fields of literature and science.

He cited the career of Captain Jay Clark, President of the Delta Lines and a resident of Bay St. Louis, as an inspiration to the

young men of today, pointing out that he had achieved his success on his own merits through study, observation, diligence, and ambition.
